- So we need the logo on the background in the login page
  Ok

- I want to know how I'm adding new admin user
  http://15.207.152.121/smartapp/sub_admin -> Add New

- To change the text and move it to the right
  Change the text of what?

- we need to see the total likes in post
  It is working in Public Feeds and Blogs both

- verification how it's going to work?
  Verification via Email

- Link for location on map
  Ok

- Link to website home page
  Ok

- Link to payment on them
  How should it work?

- The admin can do live video ?!
  Currently, live video is not implemented as it was not in the project scope

- how I can add admin ?
  From the Admin Panel (http://15.207.152.121/smartapp/sub_admin -> Add New)

- Click "forget password"
  What do we need to add/ fix in Forgot Password?

- why we can't comment more then 1 time ?
  We are fixing it
